

# Your Airfield Solutions Partner

## FODCOMMANDER

FOD - NOT ON MY WATCH.

Friction Sweepers International is led by a founding team with over 40 years of experience in designing and building advanced friction sweepers.

The FOD Commander, our premier friction mat, has evolved under the owner's leadership, featuring unique enhancements that make it the best solution for FOD on the market.

Our companies are always searching for the most cost-effective, high-quality products to better serve our customers, and we believe the Commander has raised the bar in performance, quality, reliability, and affordability.

Let us help you keep your airfield clean and safe, as we have done for countless clients over the years.
